HCS 8th GRADE COMMUNITY SERVICE PROJECT / SPEECH GUIDELINES

Due March 24th, 2021

1) **Use the following questions/guidelines to help you do a brief write-up about your Community Service Project.** Your responses will help you frame a 1-2 minute description of your project, which will become your "speech." (Note: You don't have to respond to every single question--just the ones that apply to your project.)

2) **Choose ONE of the options for presenting your project to an audience (either virtual or in-person).** Completion of your project combined with presenting it to an audience will fulfill both your Community Service and your 8th grade Speech requirements, AND you can turn in the written part to your EC as a writing sample!😀

Speech Questions / Guidelines: Write or type your responses on a separate page. Revise your responses so they "flow" and are easy to say aloud.

--State your name and *briefly* describe your project (you'll go into details later).
--Explain how you got the idea for your project, or why you felt called to do it.
--Were there any obstacles or unexpected circumstances that made your project hard to complete?
--What did you need in order to complete your project? Materials, helpers, etc.
--Where did the project take place?
--What exactly did you do?
--What was your experience in doing this project? (Was it fun? Difficult? Inspiring? etc.)
--In what way do you hope your project served your community?
--Do you feel you met your goal?
--In the future, can you see yourself doing something like this again, or would you do something different?

Presentation /Speech Option 1: Create no more than TWO Google Slides of your Community Service Project. Be sure to include photos and other visuals that show you "in action" and/or preparing for your project. Share the slide/s via your student Google account with Mrs. Kline (tkline@hickmanschools.org) **by March 19th, 2021. Then, participate in the Community Service Project Speech / Expo on March 24th, 2021** and use what you've written to help you speak about your project with an audience of your peers. Don't be surprised if some of your peers have questions about your project!😉

Presentation /Speech Option 2: Make a poster or tri-fold or booklet or slideshow or…?? using photos and other visuals from your Community Service Project. Arrange a time with your EC when you will display your project and speak about it in front of a small audience of family, teachers, etc. Be prepared to answer any questions they might have about your hard work!😁
