What To Do If You Need Help?
★ Here are a few first steps to take if Zearn isn't working well:
★ Make sure you are connected to the internet and your internet is working
★ Check that you're using a Zearn-supported browser and device
★ Check to make sure you have enough internet bandwidth to play videos
★ Log out of Zearn and log back in
★ Try clearing your browser's history and reloading the site
★ Restart the device
