

## **Math Club – 6<sup>th</sup> – 8<sup>th</sup> Grades**

**Teachers:** Mr. Weichert, Mr. Meyer, and Mrs. Hansen

**Meeting Dates:** October 15, November 12, and December 10

**Meeting Time:** 12:30-2:00 PM

Math Club is being offered as one of our Virtual Fall Class Offerings for 2020-2021. This is a class that focuses on pizza and some of the big ideas of mathematics in fun, interactive ways. However, going virtual means that it will have a little different flavor this year. We will be continuing our focus on fun interaction with big ideas, but are planning to add an artsy theme. Each meeting will include a project that will challenge students with mathematics and produce something creative and colorful. Note the start time of 12:30 PM which leaves students plenty of time to cook and eat some pizza for lunch prior to the meeting (with parent permission of course).
